R. E. Maupin, salesman for Kellogg & Co., incorporated, and	F. E. Chase,	

Secretary and Treasurer of The Madison Garage, incorporated, state that the above is an accurate and full account of the cost of operating a FORD runabout by R. E. Maupin, during the month of February, 1913.

Average miles per gallon gasoline 171 miles oil.......490 miles

The books of The Madison Garage are open to anyone who is interested in Figuring the distance to Lexington as 26 miles, this means that the average will leave promptly at 2 o'clock and tho

cost of a round trip would be \$1.30. No time was lost on account of mechanical trouble, and the one tire blow out | Members of the Chapter will be in (which was repaired by The Madison Garage and has been in daily use since) was Colonial costume, and there will be

caused by water in a deep rut on a bad road, making it impossible to see obstruction which caused the blow out. You will note that a storage charge is included in this account, which means that every hour of every day or every night the owner is able to drive his car in or out of The Madison Garage, as there is always one man there to wait on customers.

The Chapter hopes to make it a most delightful and enjoyable occasion. Ad-

This FORD car was run regardless of ROAD or WEATHER conditions, a good part of the time with chains on; and the low cost of operation will appeal to any one who owns a car, or who expects to own one, unless he has no regard for expense; for a FORD will take you there and back and do it comfortably.

Call and let The Madison Garage show you this wonderfully efficient and economical car, and explain to you the contract under which they operate with the Ford Company, which provides that they carry at all times an adequate supply of spare parts, which enables FORD ewners to get quick and more satisfactory service than owners of other cars can hope for.

You know they say there are only two cars—the FORD and the CAN'T AF FORD. You can easily understand this when you are told that you can buy piece by piece from any FORD agent, at list prices, and assemble a car at very little greater cost than a new car complete.

The Madison Garage, in addition to selling FORD cars, conducts a general garage business, is open 365 days in the year, 24 hours a day, and has on hand at all times and at right prices a full stock of Gasoline—Oil—Batieries and accessories and also a complete line of Racine Casings and inner tubes.

The Madison Garage does repair work, steam vulcanizing, painting, and is in a position to give permanent or transient gwners the reliable service to which they are entitled.

FIRST CHANCE ON NEW

Several heavy shipments of new Spring Suits have arrived fresh from the Kenton and other leading clothes makers to men and young men

The styles express the latest thought of master designers and tailors, featuring the newest Norfolks, as well as the more conservative models in the most approved colors and weaves

The man who makes his selections now gains a decided advantage. He selects while the choicest things are still in stock, and naturally takes the best; he wears the styles while newest, and thus proves himself a leader; he gets a full season's wear out of his suit

A wide range of fabrics, colors and styles to

choose from, in special models for men of every shape; stouts for the stout man, chunks for the chunky fellow, longs and slims for the extra tall, and regulars for the man of average built-we fit them all
